

If your grade for the Good Habits for Evidence is 1.11, it becomes the full 30 points when you follow all the habits in the 3rd Paper. Be simple (do not claim something you cannot prove) and double-check what you do and you will succeed. You can change habits. (Bad habits weaken a good brain.) The links in the rubric take you to practical tips. I am glad to talk to you but beginning Thursday 11/15.

Fall 2018

This is an attempt to speed this up and have you mark that you know what is on the Good Habits for Evidence rubric so I can enter points faster.
