This is the same grade sheet as the one shown on the form you did in class.

Record your grades as you earn them so you can keep track of your own grade. You can determine your own average by dividing your current total where you see each broad line.

What you do is your decision, but my objective is to grade so that I encourage you to do things in *your* interests throughout the course. There are 1000 points in the course and 28 extra credit points.
