- Place a check (✓) in the to the left of EACH of the statements to confirm you understand and agree.**

<input type="checkbox"/>	The Departmental Requirement is a minimum of 25% of your grade being written work. With 30% specific written work, you must do some written assignments—or—only want a C for the course and always make 100% on each objective assignment (a risky plan). If you don't understand, click here to see examples of the math .
<input type="checkbox"/>	On the other hand, if you follow the 5 Good Habits for Evidence, you can make a decent grade even if you are not skilled or comfortable with writing. Click here for required Course Objectives, the separate Good Habits for Evidence grade, and how it can help you .
<input type="checkbox"/>	Do you know any job that pays well that doesn't require these habits or any decision you could make safely without these habits? If you think you do a job that does not require the 5 Good Habits for Evidence, try this link . Unfortunately, most students do not realize they are not being careful enough with evidence. For example, over 60% of students since 2011 usually did not know basics such as being factually accurate when writing about real things until this course. Click here to see what past students said they did not know before .
<input type="checkbox"/>	If there is a problem with following the Good Habits for Evidence or with anything incomplete about an assignment, your instructor enters 1.11 as a temporary placeholder for the grade and posts a comment with that grade telling you what you need to do.

¹ Extra credit for students who show self-management, focus on their own tasks and do not distract others, do not try to *help* others unless they are asked to do that by the instructor, and follow instructions so they complete all tasks correctly and quickly.

² If you miss question(s) on an Evidence Quiz, you may earn full points by talking to your instructor about the missed questions **a**) if you took the quiz by the recommended date in the Course Schedule **and b**) if you contact your instructor **within 1 week** of your taking that quiz. Talking to your instructor helps you get straight essential requirements for evidence so you are successful with evidence and increases your total score for the Unit.

³ If you make over 70% (28 points) on the 4 Evidence Quizzes for at least 1 Unit **and** if you successfully follow **all** 5 Good Habits for Evidence with a formal written assignment (a Written Exam or the Analysis of Primaries), you earn 10 extra credit points for each written assignment.

⁴ If you do an Evidence Quiz by the recommended date in the Course Schedule, you earn 2 points extra credit.

⁵ Extra credit for students who do the actions in endnote ¹.

⁶ If you follow **all** of the 5 Good Habits for Evidence with this **1st** assignment, you get 40 extra credit points. **Why this extra credit?** The sooner you figure out that a history class is about **verifiable** evidence from a **reliable** source (and not your—or my—opinions), the sooner you will be successful.
