What You Want to Do?	What Are Tips to Save Time?	Your Subject Line?	Your Message?
You are looking at the Unit 1 Study Guide. You used the link Quick Facts, but are still unsure about "due process."	Copy and paste the exact words and any punctuation from the Study Guide (or any online document) so you save time and so you are accurate.	Question/Study Guide/"due process"	I could use some help to understand "due process." I do not understand "due process" with the 5th and 14th amendments.
You are looking at the Requirements for Writing-#1 and you have a question about the topic (or what English classes call the prompt)	Copy and paste the exact words from the specific Requirement that is the cause of your question. For example you want to know if you can do a different prompt.	Question/Writing-#1/prompt	At the top, paste the Requirements where you have a question. Then write your question.
You looked at Lesson 1 about the meaning of the term Gilded Age and you saw two words whose definitions you wanted to know.	**Only** use *Merriam-Webster Online Dictionary*. Copy and paste its definition and its link into a Word file. If when you try to post, the formatting makes it unreadable, then use Format Painter to make it plain. If you do not know to do that, post a question.	Definition/Golden Age	At the top, paste the definition. Make a blank line. At the bottom, paste the exact link.
You do not know much about how to do a specific thing with doing	Save time. Ask even if it is not a history question but it will save you time in the course.	Question/How to remove formatting so I can post a definition	I need a quick way to get rid of colors and fonts in a definition
